

Project Delivery Education Program “From the Idea to Final Completion”

Construction Specifications Institute (CSI) Mt. Rainier Chapter Continuing Education

Construction Documents Technologist (CDT) Exam Preparation

Ten (10) classes starting: Wednesday, January 20, 2016,
Wednesday Evenings 4 to 6:00 pm

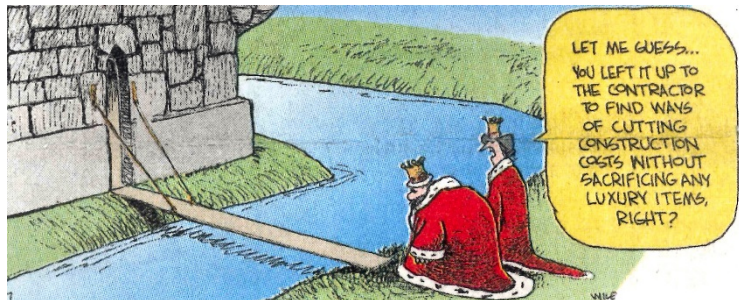

You do not have to be a member of CSI to take this class or the exam. You are eligible for 10 AIA Learning Units for taking this course.

The **Project Delivery Education Program** is based on CSI’s “**Project Delivery Practice Guide**”.

These classes provide the fundamental knowledge in construction process for architects, owners, engineers, contractors, subcontractors, contract administrators, specifiers, and manufacturers’ representatives.

Obtain an understanding of contractual agreements, roles and responsibilities of each party, purpose for drawings and specifications, and the various construction delivery systems – traditional, design-build, GC/CM, and Owner-Build.

Learn how to consistently organize the design and construction phases to effectively manage the process and information in a coherent and thoughtful manner.

Dream Design Achieve
How can you get the result you want,
the first time, every time?
Take the CDT Class and find out.
