**Who are we? Everyone!
(in Construction)**

**What do we do? Everything!
(in Construction)**

**Don't call us Specwriters.
We are so much more than
Specifications!!**

2022 Global Color & Design Trends

PROGRAM DESCRIPTION

The 2022 Global Color Forecast exposes the most significant color and design directions for the coming year, including discussions of influencers, attitude, styling, materials, textures, finishes and surface treatments as they apply to various residential and commercial market segments.

GUEST SPEAKER

Olivia Diaz, Architect & Design Specifications Manager, Pacific Northwest PPG Architectural Coatings

Olivia raises color consciousness, and collaborates with designers to provide high performing and sustainable architectural coatings solutions.

WEDNESDAY, FEBRUARY 16, 2022

Join us at 11:30 am for 12:00 pm start. Register to get meeting link.

- Uncover the global color direction.
- Discover how the consumer mindset evolved and influenced the color direction for 2022.
- Improve your knowledge on the societal trends, events and materials influencing color palettes and design trends.
- Understand how other industries influence architectural preferences.
- 1 AIA CEU credit
