10:00 AM - 2:00 PM

Join us for a day of immersive learning, inspiration, and networking. Let's shape the future of roofing together. Topics to include:

- **Sustainability Through Innovation (IND301-CST 1 LU|HSW)** with **Chris Kann** - 13 years with Carlisle and resident expert on sustainability.
- **Roofing Wind Speeds (RFG601-CST 1 LU|HSW)** with **Brian Chamberlain** - Over 35 years with Carlisle, specializing in assemblies.
- **Design Essentials for Architectural Metal Roof and Wall Panel Systems (MTL308-PAC 1 LU|HSW)** with **Bob LaFroge** - 6 years with Pac Clad and over 35 years of metal manufacturing experience.

We look forward to seeing you there!
